CASA's Foster Children's North Pole Festival—2011

The Foster Children's Fund North Pole Festival has been an annual event since 1977. In 1978, it was moved to *The North Pole*, which provided unlimited access to all rides for foster children and their foster families. Attracting approximately 700 participants each of the last eight years, the event provides a day of fun and recreation for families that otherwise would not be possible. Through the years, local churches, private businesses, and community groups have donated food, money and volunteers for the event. The Foster Children's Fund Committee, a program of CASA, coordinates the event.
